We declare under our sole responsibility that medical products covered with this declaration of conformity are in compliance with all applicable General Safety and Performance Requirements of the Annex I MDR 2017/745

Basic UDI DI

according to

Annex VI Part C: **426072773RT-TRANSFER6S**

Product name: **Transfer Sheet**

Purpose:

A disposable patient transfer sheet (slide sheet) minimizes friction and/or shear when transferring a patient in healthcare facilities, such as hospitals, ambulances, patient transports and nursing homes. A friction-reducing transfer sheet contributes to the reduction of risk of injury to the patient associated with manual handling.

The Risk Class of the product according to the rules described in Annex VIII is Rule 1, Risk Class I
